

INTRODUCTION

National Geographic Learning's MyELT provides seamless, powerful integration with your institution's Learning Management System, enabling instructors to add MyELT content to their courses and eliminate multiple logins for students. Follow the procedures outlined in this document to configure your site to use MyELT and to test connectivity to Cengage Learning.

ADMINISTRATOR EMAIL

The information required to configure the Cengage integration on Instructure Canvas is included in the email for administrators received from Cengage Learning.

Dear [Name],

Cengage Learning MindLinks have been adopted for one or more courses at your campus. Administrator assistance is needed to configure your Instructure Canvas site and enable instructor access to MindLinks. Please follow these steps to obtain the necessary configuration parameters and step-by-step instructions.

- 1 Learning System Configuration**
Retrieve the site configuration parameters for Cengage Learning MindLinks. For security purposes this link will expire in 2 Weeks.
[MindLinks Parameters](#)
- 2 Quick Start Guide**
Download Quick Start Guide instructions for configuring your site to use Cengage Learning MindLinks and verify the Cengage Learning

Regards,

System Administrator

MINDLINKS CONFIGURATION PARAMETERS

Use the following parameters along with the Quick Start Guide included in this email to configure your site to use Cengage Learning MindLinks and test connectivity.

Name:	Cengage Learning MindLinks
Consumer Key:	[Redacted]
Shared Secret:	[Redacted]
Configuration Type:	By URL
Configuration URL:	https://a-gateway.cengage.com/heart/...

[Contact Technical Support for additional info.](#)

Package Information:
MindLinks Partner (2.0) Learn Package Assembly
Instructor: cengage, Test Instructions from State Config
Date: 12/05/2014

ADD EXTERNAL TOOL PROVIDER

To add the Cengage Learning MyELT tool, follow these steps:

1. Log in as an Administrator with your Username and Password.

2. Navigate to the site account (or Sub--Account) level.

3. Click Settings on the navigation menu.

4. Select the Apps tab (at the top of the screen.)

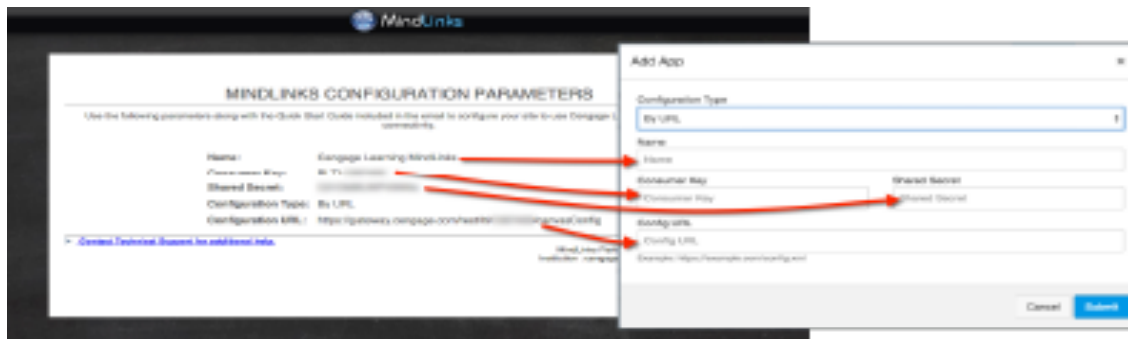

5. Click the View App Configuration button (at the top right.)

6. Click the Add App button (at the top right.)

7. Complete the Add App configuration form as follows using the information supplied in the Cengage Learning email. Note that if you already have an existing Cengage Tool installed it is recommended that you proceed with adding a new app instead of editing the existing tool. You can delete the existing tool at the end of this process.
8. Set Configuration type to "By URL"
 - a. Enter Cengage Learning MyELT or similar in the Name field.
 - b. Copy/Paste the Consumer Key, Shared Secret, & Configuration URL to the respective fields.

9. Click the Submit button.

VERIFY CENGAGE LEARNING APP

To verify the Cengage Learning MyELT tool, follow these steps:

1. Login to or create a Canvas test course or other course in which you are enrolled as a 'Teacher.'
-

2. Click on Settings from the navigation menu.
-

3. Click on the Navigation tab (on top of the screen)

4. Drag and drop the Cengage item from the "hidden" section to active course navigation items, then click Save. A Cengage item should appear on the navigation menu.
-

5. Click on Cengage from the navigation menu.

NOTE: if no error is displayed the communication test is complete.

PREVIOUS CENGAGE LEARNING APP

If the Canvas site had a previous Cengage Learning External tool/App that was configured prior to the above installation, you may now delete it by clicking on the trashcan icon next to the previous app configuration.
